#### Châteauneuf-du-Pape LES GRENACHES DE PIERRE

Coming from the Charbonnières Est and the Mourre de Gaud lieux-dits in sandy soils, the 2023 Châteauneuf Du Pape Grenaches De Pierre is all destemmed Grenache from 100-year-old vines brought up 18 months in concrete. (The estate has aged all in concrete since 2020.) It offers bright raspberries, pepper, scorched earth, and sappy violet/floral nuances in a medium to full-bodied style. Pure and layered, it has fine tannins and nicely integrated acidity. It's a complex, floral, incredibly Provençal effort to drink over the coming 15 years. Drink 2025-2040.
